

Dear Sirs,

Just a quick note to let you know how important K-Love is to me, my family and others here in Steamboat Springs, CO. We deal with a lot of daily crap out in the real world, our children are dealing with unbelievable challenges towards their morals and beliefs. K-Love is an awesome tool to help us get through the day and remind us that Jesus is our Lord and savior. I have even given the advice to others that are seeking out some higher power to listen to K-Love for 3 hrs a day for 7 days. Set that priority and see how you feel and what questions you have and come back to talk to me. You have no idea how blessed these people were, K-Love is encouraging, insightful, blessings to all that listen.

Here in Steamboat Springs Co we only have approximately 6 radio stations to choose from with K-Love being one of the 6. Please do not change K-Love to a LPFM, we need K-Love in our lives and definitely in our community.

Jesus is trying to get out to everyone and this is one way we can let Him.

Thank you

Connie Tilley
